Science North is an agency of the Government of Ontario and a
registered charity #10796 2979 RR0001.

* The Climate Action Show

Science North's next-generation object theater is here!

Building on the success of previous versions of Science North's award-winning climate change object theaters, this immersive multimedia theater empowers your visitors of all ages to become Agents of Climate Change Action!

Hosted by Sheepy and a cast of global and local agents, your visitors will become agents of change and prepare themselves to champion climate change action in their lives and their communities.

Audiences direct the course of the show using their personal tablets to analyze the ongoing impacts of climate change through real data, while exploring actions to make change happen.

* Follow us on social media

Your audience will come away knowing:

- ◆ How the process of science helps us understand our changing planet
- ◆ Every individual is currently effecting and is being affected by climate changes
- ◆ Even as individuals, we can be a part of global action to bring about solutions

The Climate Action Show is a unique, multimedia installation that combines media technologies, real objects, theatrical effects and custom environment to create a memorable, educational, and entertaining experience.

Special Features and Effects

- ◆ Custom animation and video
- ◆ Individual audience interaction touch screens
- ◆ Customizable content to showcase your local climate change stories
- ◆ Fully immersive set environment
- ◆ Authentic science objects
- ◆ Models of current climate data
- ◆ Multiple screens, including a 'sky-screen'
- ◆ Environmental storm, wind and rain effects
- ◆ Infrared audience camera
